Healthy Adult Volunteers Needed for Vaccine Research

University of Kentucky researcher Richard Greenberg, M.D., of the University of Kentucky, College of Medicine is conducting a clinical research study about the safety of a new vaccine to prevent cholera infection.

You may be eligible to participate if you:
• are a healthy adult;
• are 46 to 64 years of age;
• are not pregnant; and
• are interested in contributing to the knowledge that may help prevent cholera infections.

Qualified participants in this study will be compensated for their time.

For more information or to schedule an appointment please contact:
Debbie Plummer – 859-257-5467
Heather Flynn – 859-323-3933
Malissia VanHook – 859-323-5014
