

Are You in Good Health and Living with Type 1 Diabetes?

Researchers at the University of Kentucky are inviting you to participate in a study about the effects of myostatin, a molecule secreted by muscle, on diabetic bone.

You may be able to participate if you are 18 to 45 years old, have Type 1 diabetes, and are in overall good health.

You may NOT be eligible if you have diabetes complications or are pregnant.

If you are interested in participating, please fill out this online questionnaire:

<https://redcap.uky.edu/redcap/surveys/?s=P8P7CFM47J>

You will be compensated for your participation.
